Mr. J. E. Sutton and little son left Monday over the Plant System for an extended tour in South Florida. Mr. Sutton is the best patron of the newspapers of any merchant in Florida, and is building up a big business. He deserves and we are glad is achieving success.

The English "Society for the Prevention of Consumption" presided over by the prince of Wales, was addressed by Sir William Broadbent, who stated that it was definitely known that every case of consumption began with a germ communicated from some other case. There is no such thing as inherited consumption, but the germ has absolutely to be planted in that weak spot before consumption can ensue. This ought to comfort thousands of people who have "weak chests" or "weak lungs." They are not foreordained victims of this dread disease. All that is needed to bid absolute defiance to this deadly scourge is to be able to strengthen the weak lungs, and build up a strong body. The answer to this need is found in Dr. Pierce's Folden Medical Discovery. It so purifies the blood and increases the blood supply, that disease is thrown off, and weak organs are nourished into perfect health, which defies germs of every kind. People given up by doctors, emaciated, bleeding at the lungs, with obstinate, lingering coughs, are being cured every day by the use of "Golden Medical Discovery." It is a strictly temperance medicine containing no alcohol, whiskey or other intoxicant.

LOOKS LIKE BUSINESS.

On the editor's table lie two cans of tomatoes. Both are beautifully labelled.

One bears the following inscription: "Packed by the Lowell Packing company, Lowell, Florida."

The other: "The 'Eva Belle' and 'Beauty' tomato, packed by Carn & Co., Reddick, Florida."

Mr. W. M. Shockley is manager of the Lowell Packing company and left a request asking us to make a note of the result of the sample which we shall take pleasure in doing later on.

The can is too pretty and conveys too important an object lesson for us to open it yet awhile. Instead, we are making it serve as an advertising medium and have placed it in the forefront of other Marion county exhibits in the window of the uptown ticket office of the S. A. L. railway.

The other can is accompanied with a memorandum from Mr. C. M. Carn in which he says he has sold some of his manufactured articles to Messrs. H. A. Faucett, W. T. Gaskin and Durance & Co., Ocala.

Now, here's the beginning of an industry we hope shall prove profitable to our people: The grower, who owns the land and tills the soil; the laborer, who gathers the crop; the tinner, who makes the cans; the printer who makes the labels; and the packer who cans the goods; and all who are directly or remotely concerned in the enterprise.

The grocers named are to be thanked for aiding the industry in its infancy and holding up the hands of the pioneer packers in a practical and substantial manner.

Surely in a vegetable and fruit section like ours an industry of this sort is very much needed and should receive the unstinted encouragement of buyers and consumers.

Thousands Sent Into Exile.

Every year a large number of poor sufferers whose lungs are sore and racked with coughs are urged to go to another climate. But this is costly and not always sure. Don't be an exile when Dr. King's New Discovery for consumption will cure you at home. It's the most infallible medicine for coughs, colds, and all throat and lung diseases on earth. The first dose brings relief. Astounding cures result from persistent use. Trial bottles free at Garrett & Gerig's. Price 50c and \$1.00 Every bottle guaranteed. 4

Confederate Veterans.

At the regular monthly meeting, Aug 5th, of these old heroes, gray-haired, maimed and bent by declining years, an unusually large number were in attendance. The commander, Capt. Geo. M. Hubbard, a gallant soldier under Forrest, presided. Since the election of Capt. Hubbard as commander of the camp, new life has been given and more interest awakened than has ever before been shown. By his efforts almost every veteran in three counties has been enrolled as members of this camp, one hundred and ninety-five names being in the list, making Marion Camp No. 56 the largest, by far of any camp in the state.

Since the last meeting, two gallant comrades have "crossed the river." Capt. J. C. DuPre, who knew no fear, a grand man in peace as in war, has answered the last roll call, as has Comrade S. F. Rou, another brave veteran. Suitable resolutions will be drawn by the camp.

A reunion has been decided upon, to be held in Ocala on Wednesday before the full moon in November. A grand rally of veterans and a cause dear to the hearts of every southern man and woman is hoped for. Those who can are cordially invited to attend and to bring baskets of "sunstentials" along.

Nothing gladdens the heart of an "Old Confed." more than a recognition of the sacrifices made by him and the whole southern states during four years of struggle for a cause, though lost, they are proud of.

The Daughters of the Confederacy are especially invited to be present at the reunion.

Clearwater's Tribute to the Ocala Boys.

What sort of a game did we have in Ocala on the 25th? Well, we had the finest kind of a trip and our stay in Ocala was a perfect treat. The Ocala boys are all gentlemen, and not only did they make every provision for our comfort and enjoyment, but devoted themselves personally to our entertainment. As to the games, we all esteemed it a pleasure to be pitted against such considerate opponents, and we are eagerly anticipating their coming here to play the return game. We shall be satisfied if we can in return do unto them as they have done unto us. The unanimous verdict is "the Ocala boys are white."

A Delightful Dinner Party.

Last Friday night Mr. Benjie Weathers entertained a few of his friends at supper. There were sixteen covers laid. The table decorations were red. The center piece was a huge cut glass bowl of red cannas, and the place cards were red and heart shaped. The dining room was lighted with red candles. A delicious menu was served. After supper the evening was delightfully spent playing cards—whist at the first table, hearts at the second, smut at the third and old maid at the fourth. The prizes were won by Miss Clara Gray and Mr. Tom Harris, while the booby fell to Miss Ethel Robinson. The latter part of the evening was most pleasantly spent in dancing. It was nearly one o'clock before Mr. Weathers' guests bade him good night.

Epworth League Matters.

The monthly business meeting of the Ocala Epworth League of the Methodist church was held at the church Tuesday evening. \$60.85 was reported raised during the month on the church debt from sale of refreshments on July 14th and 25th.

The league by an almost unanimous vote changed its devotional meetings from 7 o'clock Sunday evenings to 4:30 o'clock on Sunday afternoons, so the next meeting will be held next Sunday afternoon at 4:30 o'clock, in the auditorium of the church.

The pastor, Rev. H. Dutil, as Epworth League executive committee man for the Gainesville district, stated that a district Sunday school and Epworth League conference would be held at Reddick sometime in October.
